Press Release n. 59

Road to FIM Europe Congress
Fiumicino ready to host the 2024 edition

*In less than one week the annual FIM Europe Congress will be hosted in Fiumicino.
For the third time Italy is ready to welcome this esteemed gathering and the city of
Rome for the second time in the FIM Europe history.*

From Thursday 4th to Saturday 6th July the entire FIM Europe family will be reunited to celebrate the 28th edition of the FIM Europe Congress.

This time will be the city of Fiumicino, headquarter of the FIM Europe General Secretariat, to host the esteemed gathering with the support of the FMI, the Italian

Motorcycle Federation. One year from the last event in Zaragoza, it will be an important moment for all the officials to meet and discuss about the current year and next season.

The Congress will take place inside the Hilton Rome Airport and the program will start on Thursday with the Sporting and Beyond Sporting Council.

On Friday the Management Council and the Sporting and Beyond Sporting Commissions and Panels will meet in the morning and in the afternoon. Afterwards there will be the 2024 FIM Europe Policy Conference, a key feature of this year's Congress and to which all FIM Europe members are invited. This important event will focus on the critical role that politics, laws and regulations play in shaping motorcycle activities on our roads and within the sport. The conference will address the motorcycle community's ability to navigate political challenges.

The General Assembly will take place at the same venue on Saturday afternoon, after the last Management Council of the morning. A full program will involve all the representatives from the National Federations, called to be active part as members of the FIM Europe.

The Congress will end with the long-awaited yearly gala dinner, this year organised by the FMI at the Palazzo delle Esposizioni in Rome, where it will be celebrated the second year of the 2022/2026 mandate.
